Spray 'n Wipe Cleaning
with DST Technology™
NOW with
Tetraflex®-D Soil Barrier -
a proprietary polymer that
creates an "invisible barrier"
to help keep your home
cleaner...longer!

BEFORE

AFTER

Make your home sparkle with Chomp Pro® - a cleaner specifically designed for cleaning black streaks, dirt & grime off your gutters, windows, door frames and more — making them look new again and improving your home's curb appeal.

DST Technology makes cleaning fast and easy. Spray and wipe (Ready-to-Use) or spray and rinse (Hose End) your tough cleaning jobs away!

Chomp Pro[®] Gutter Cleaner and Exterior Metal Cleaner

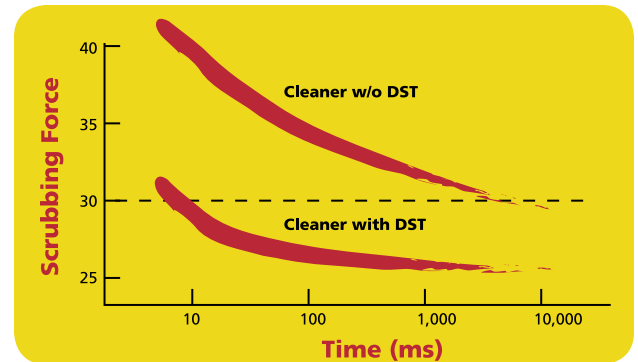

Benefits For You

- Non-abrasive – just Spray and Wipe / Spray and Rinse – makes a tough cleaning job EASY!
- Ideal for aluminum, steel, plastic, vinyl and wood surfaces, including gutters, fascia covers, window & door frames, lanai frames, siding and more.
- Removes tough soils like red clay stains & mildew stains (will not stain bronze, copper, brass or aluminum).
- Great for cleaning mobile homes, horse trailers, RV's and campers too!
- Buffered formulation makes Chomp Pro safer for plantings and surrounding areas.

Tetraflex[®]D Soil Barrier - a proprietary polymer that creates an invisible barrier on treated surfaces making it harder for dirt and black streaks to come back. Tetraflex[®]D keeps your home looking clean and new longer.

DST Technology — What Does it Mean For You?

DST is a proprietary polymer that "Super Charges" Chomp Pro's performance in lifting and removing black streaks, oxidation, dirt and grime. As this graph shows, by altering surface tension chemistries, a cleaner with DST Technology cleans faster with less force. You clean faster and with less effort, thanks to DST Technology.
