

# Professionals Get Paid to Paint, NOT Clean — Now YOU Can Cut Your Cleaning Time in Half!

INTRODUCING  
**Chomp  
Pro**

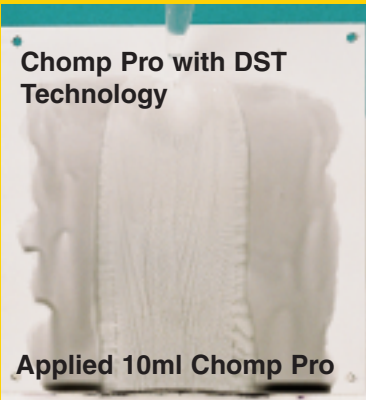

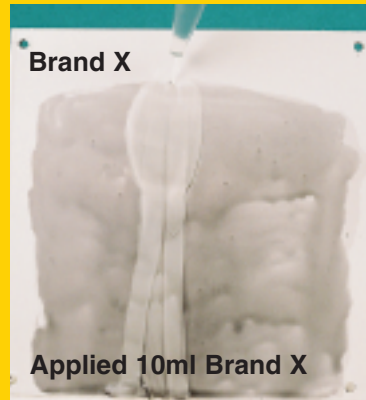

*Professional Strength  
Dried Latex  
Paint Remover /  
Cleaner Degreaser*

## **DRIED LATEX PAINT**

## **OILS AND GREASES**

Note how Chomp Pro outperforms the competition by 3X

- Faster and easier cleaning of grease, grime and oil
- Safer for polyurethane floors
- Great dried latex paint remover

## **PROFESSIONAL STRENGTH WITH DST TECHNOLOGY**

DST Technology is a safe non-toxic proprietary polymer that increases Chomp Pro's grease and oil cleaning power by 3X as compared to the leading brands.

# Chomp Pro Benefits For You!

SOIL

SOIL

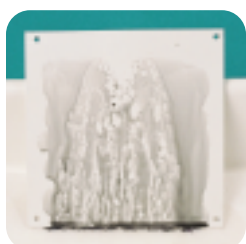

10 ml

10 ml

1 min.

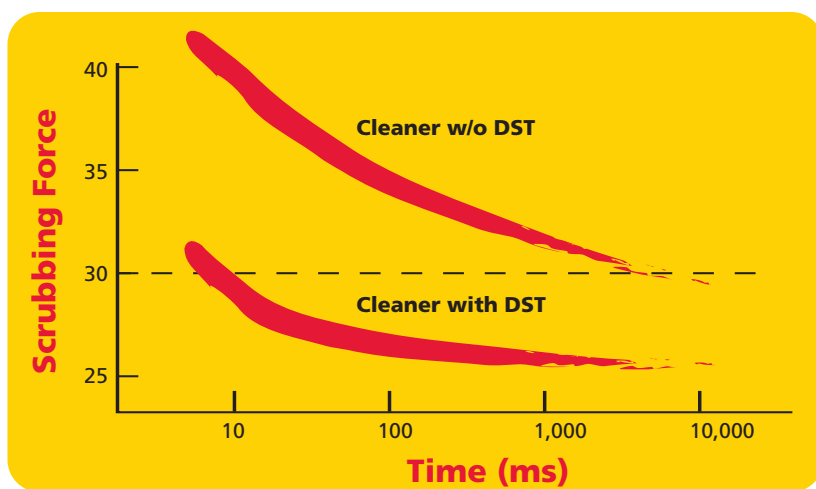

1 min.

- Removes dried latex paint from a variety of surfaces — quickly and safely.
- Faster, effective cleaning of greasy, oily soils — Thanks to DST Technology!
- Better for all surfaces — i.e. flat, vertical, tough to reach...

## DST Technology — What Does it Mean For You?

DST is a proprietary polymer that “Super Charges” Chomp Pro’s performance in lifting and removing oil, grease and particulate soils. As this graph shows, by altering surface tension chemistries, a cleaner with DST Technology cleans faster with less force — you clean faster and with less effort, thanks to DST Technology.
